

Procedure for Implementation of Para 1(4)(b) and 1(4)(c) of Textile Division, Ministry of Commerce and Textile Notification No. 1(42-A)TID/17-TR-II dated December 12, 2017

1. The claim under 1 (4) (b) and 1 (4) (c) will be lodged in consolidated form from a single Authorized Dealer (AD), even if the exporter has claimed drawback under 1 (4) (a) through multiple ADs.
2. Claim under 1 (4) (b) would be required to be lodged through the same AD through whom claim under 1 (4) (c) will be lodged.
3. Similarly, if an exporter has claimed drawback from multiple Offices of SBP BSC under 1 (4) (a), consolidated claims under 1 (4) (b) and 1 (4) (c) would be lodged to any one of the offices. Further, claims under 1 (4) (b) will be lodged to the same Office of SBP BSC where claim under 1 (4) (c) will be lodged.
4. Claims will be lodged through the AD's Regional Hubs formed under procedure given in EPD Circular Letter No. 25 of 2017.
5. RDA Cell registration certificate of claimant must be valid at the time of submission of claim at SBP (provisional registration is not valid for the claim)

CLAIM UNDER 1 (4) (c)

6. For the purpose of 1 (4) (c), the claimant will claim an amount equal to the sum of all its claims paid / ready for payment (submitted to SBP BSC) under 1 (4) (a) for shipments made during July – Dec 2017.
7. Claimant will obtain a certificate of payment from all concerned ADs on a format given at Annexure IV. In case of loss of certificate, the word "Duplicate" will be prominently marked in indelible ink at the top of duplicate certificate.
8. These certificates in original along with consolidated claim will be provided to nominated AD as per format at Annexure V.
9. The nominated AD will verify the consolidated claim in Annexure V as per the certificates (Annexure IV) provided by all concerned ADs and it's own and forward the same to SBP BSC on Annexure VI.
10. Only claims already paid / ready for payment (submitted to SBP BSC) till the date of claim will be included. Pending / discrepant claims, if any, will not be included.
11. The claim amount shall not include the incentive for non-traditional markets as the same has already been paid in full.
12. AD will process the claim within 15 days on FIFO basis from the date of receiving. Discrepant claims will be returned and will be considered as fresh in queue upon resubmission.
13. The exporter will also provide a Bank Guarantee to the effect that amount paid to it under 1 (4) (c) will be refunded immediately upon demand by the AD in case it fails to achieve 10% or more increase in exports in any eligible category in FY 2017-18 over FY 2016-17.
14. The Bank Guarantee will be kept by the AD submitting the claim. In case refund is required (point 24), SBP BSC will debit the account of the AD which in turn will recover the amount from exporter as per Bank Guarantee.
15. Upon verification of claim, SBP BSC will pay the total amount of claim to the nominated AD for onward credit to the claimant within 24 hours of credit.

CLAIM UNDER 1 (4) (b)

16. For the purpose of claim under 1 (4) (b), data of two Financial Years i.e. FY 2016-17 and FY 2017-18 will be required.
17. The data of claims submitted under 1 (4) (a) will be used to determine export performance in FY 2017-18. For this purpose, the concerned ADs will provide summary of submitted claims for the whole FY 2017-18 on Annexure VII. The nominated AD will forward these Annexure VIIs along with its own to SBP BSC. No other data will be required by SBP BSC for the purpose of FY 2017-18.
18. The export performance in FY 2016-17 will be provided by the exporter through RDA Cell portal of Textile Division of Ministry of Commerce and Textile (MoC&T).
19. The data provided through the RDA Cell portal will be authenticated against data in Pakistan Customs WeBOC system by SBP BSC. As such exporters are required to ensure that the data provided on RDA Cell portal is complete and accurate as per official shipment record. However, the amounts of Freight, Insurance, Commission which may not be reflected (correctly) in WeBOC data, may be filled in as per actual.
20. Each AD will be provided login to RDA Cell portal utilizing which it may view / download the data of FY 2016-17 relevant to shipments where realization took place through it. The AD will emphasize on verifying the amounts of Freight, Insurance and Commission. Upon being satisfied that the data is accurate, the AD will mark the same as verified at RDA Cell.
21. For the purpose of calculating export performance, the established practice of using net FOB values will be followed. Further, the increase will be calculated separately for each category i.e. claim under 1 (4) (b) will be evaluated separately for each category. The calculation method has been elaborated separately.
22. Format for the claim by exporter is provided at Annexure VIII. AD will forward the same as per format given at Annexure IX.
23. The claims under 1 (4) (b) must be submitted latest by July 31, 2019.
24. Exporters not submitting claims under 1 (4) (b) latest by July 31, 2019 will be considered to have not achieved 10% increase in 2017-18 over 2016-17. Any payment made under 1 (4) (c) to such exporters will be got refunded by invoking provided guarantee. Similar refund will be effected for exporters who submit the claim under 1 (4) (b), but their increase is less than 10% in any one or more categories. Such refund will be considered Category wise. For example, if the exporter achieves 10% increase in Garments but not in Made-Ups, only the payment obtained under 1 (4) (c) for Made-Up claims will be got refunded. However, net receivable or payable claim amount against all categories will be calculated before finalization of claim.

Calculation of Export Performance:

1. For each export transaction, lowest of the following three foreign currency amounts will be used as basis of calculation:
 - a) Amount of EFE
 - b) Declared Value on GD form
 - c) Realized amount

2. Any commission paid will be deducted from the amount above.
3. In case of involvement of multiple categories in a shipment, amount obtained from above will be divided into different categories in the ratio of declared values on GD form.
4. Yearly average of SBP DMMD WAR of the base year (FY 2016-17) would be used for conversion of foreign currencies of both years (base and performance) into PKR. These rates are given in Annexure X.
5. From the PKR arrived above, freight and insurance amounts will be deducted. Gross amounts of the invoices are required to be deducted. In case of multiple categories in a shipment, Freight and Insurance amounts will be proportionately divided into each category in the ratio of declared values on GD form. This will give Net FOB Value for each category of the export shipment.
6. Net FOB values for all export shipments of a Financial Year will be summed for each category separately.
7. Yearly total Net FOB values for each category will be compared separately to determine percentage increase in each category.
